PROFILE	Aspiring Data Scientist and Software Developer pursuing a Master's in Data Science, with expertise in Python, Machine Learning, and web development. Seeking to apply analytical and development skills to build data-driven and scalable solutions.
PROFESSIONAL EXPERIENCE	Aptech Learning Feb 2026 – Present Faculty member - Delivering comprehensive training in software development, covering both frontend and backend technologies. - Teaching core web technologies including HTML, CSS, JavaScript, jQuery, and Bootstrap for responsive UI development. - Instructing backend development using PHP and Laravel framework. - Training students in database management using MySQL. - Introducing data handling concepts using XML and JSON. - Guiding students in CMS-based development using WordPress. - Mentoring students through hands-on projects to develop real-world problem-solving and coding skills. Metropolis Academy Aug 2022– Jul 2025 Computer Teacher - Achieved an outstanding academic record recognized by the school. - Supported co-curricular activities to enhance a comprehensive educational experience. - Received consistently positive feedback from students, parents, and management in computer education. Diligens Academy Dec 2022– Mar 2023 Certificate of information technology (CIT) instructor - Actively contributed to co-curricular activities, promoting a well-rounded educational experience.
EDUCATION	Muhammad Ali Jinnah university, karachi Sep 2024–Present Master of Computer Science in Data Science Virtual university of pakistan, karachi Oct 2019–Mar 2024 Bachelor of Engineering in Software Engineering Govt. Degree College Block–M, (Pre Eng.) Karachi Nov 2016 – Feb 2019 Intermediate of Engineering Sindh Board of secondary education Karachi Apr 2014 – Aug 2016 Matriculation of Computer Science

CERTIFICATES

Python Development |2026
NED Academy

Python developer |2026
Bano Qabil (3 months)

Data Analyst | 2025
Bano Qabil (3 months)

Frontend Web Development |2021
E-Rising

Certificate of IT | 2022
Seb Institute (3 months)

**Complete Javascript with HTML,
Css3 from zero to expert | 2021**
Udemy

SKILLS:

Technical Expertise:

- Experienced in delivering comprehensive training in software development and applied AI, while building practical, industry-relevant solutions using modern tools and technologies.
- **Programming & Web Development:** HTML, CSS, JavaScript, jQuery, Bootstrap, PHP, Laravel, C#, WordPress
 - **Data Science & Machine Learning:** Data Cleaning, Exploration, Visualization (Tableau, R), Supervised & Unsupervised Learning
 - **Libraries & Tools:** Pandas, NumPy, Scikit-learn, PyTorch, TensorFlow, Hugging Face Transformers, NLTK, SpaCy, BeautifulSoup, MySQL, Docker, GitHub, MS Office
 - **Advanced AI:** Deep Learning (CNN, RNN), Generative AI, LLMs, Fine-Tuning, LangChain (RAG-based systems)
 - **Data Handling:** XML, JSON, CSV
